

## PARIS-LONDON AERIAL EXPRESSES COLLIDE IN MID-AIR; SIX ARE KILLED

### Olivia Stone Acquitted Of Murder

NEW YORK, April 7.—(By the Associated Press)—Olivia M. Stone, nurse, acquitted last night by a jury in Brooklyn supreme court of the murder of Ellis Guy Kibben, former corporation counsel of Cincinnati, said today that she would go back to her work and attempt to forget her "terrible experiences."

#### Returns To Jail Cell

After she had received the congratulations of many friends and sympathizers upon her acquittal, Miss Stone was escorted back to the Ray street jail, where she had spent many sleepless nights during her trial. She had expressed a desire to spend the night in an obscure hotel in Manhattan, but decided later that it would be better to return to the jail.

This morning she said she had had a peaceful sleep and felt refreshed. "I feel," she added, "as if I am going back to my profession as soon as possible. In work I may find relief."

#### Verdict Brought Cheers From Spectators

The jury that acquitted Miss Stone had deliberated ten hours. The announcement of the verdict brought cheers from several hundred persons crowded into the little court room. These spectators had waited for hours for the appearance of the jury.

When the foreman spoke, in clear tones, the words "Not Guilty," Miss Stone came brightly into a smile and almost immediately she added: "Thank God, it's over."

#### Defense "Brain Explosion"

Miss Stone shot and killed Kibben in the afternoon of August 4, 1921. Tried on an indictment for the degree murder, her defense was a "brain explosion," emotional, hysterical, and, in the opinion of many, a "brain explosion."

The nurse testified that the lawyer, who was suffering from a nervous breakdown, induced her to become a nurse, and she, explaining his illness, was to have a child or two.

### Plan To Omit The Word 'Obey' Because It Is Antiquated

SAN FRANCISCO, April 7.—(By the Associated Press)—Edward L. Parsons, a bishop candidate of the Protestant Episcopal church and one of the members of the commission to revise the book of common prayer, said today that he proposed to omit the word "obey" from the marriage ceremony because it is "antiquated."

"The premise to obey is antiquated and we have outgrown it," he said. "The proper basis of marriage is a mutual basis and not a basis of authority by one over the other. The old idea of the husband ruling his wife, is obsolete and should have no part in the marriage service."

### Phone Girl Shoots Father For Abusing Her Mother

ST. LOUIS, MO., April 7.—(By the Associated Press)—Miss Maud A. Ritchie, 18, a telephone operator, today shot her father, George A. Ritchie, 53, a butcher, whom she asserted was abusing her mother.

Ritchie was taken to the city hospital, where his condition was pronounced serious. He suffered two bullet wounds in the left side.

Hearing the shots, police entered the home and found Ritchie on a bed. "I shot myself," he was quoted as saying. "I have been sick."

Several blocks from the home, however, police found the girl with a revolver. She admitted firing the shots, police said. "He had been talking abusively to mother," police quoted the girl as saying, "and when I interfered he slapped my face. I had obtained his gun when he started abusing mother and when he came at me, it was discharged."

Miss Ritchie corroborated the girl's story.

### Mt. Vernon In Semi-Finals

CHICAGO, April 7.—(By the Associated Press)—Semi-finals were reached today in the national interscholastic basketball championship tournament at the University of Chicago with eight teams representing all sections of the country in play. Mount Vernon, Ohio, was scheduled to meet Watauga, Ill., at 3 p. m. At 8:00 p. m. Lexington, Ky., and Duquesne, Pa., were to clash. Other teams to survive the elimination rounds were Rockford, Ill., Missoula, Mont., Nashville, Tenn., and Buckhamton, W. Va.

### Prices Raised On Steel Products

PITTSBURGH, Pa., April 7.—(By the Associated Press)—The Pittsburgh Steel Company today announced an advance of approximately 10 cents per hundred pounds in mild steel prices on orders for delivery on wire products, effective at once. It was explained that the increase was ordered to "adjust and harmonize" schedules.

New prices quoted were: Standard wire rods, \$2.50 lower; coated rods, \$2.50 lower; galvanized bundle wire and staples, \$3.15 per 100 pounds; 10 lb. Pittsburgh. Plain wire remained unchanged at \$2.25 lower per hundred pounds; 10 lb. 1913-1922.

### Way To Search Without Warrants

SAN FRANCISCO, April 7.—(By the Associated Press)—Probation agents have found a way to circumvent the ruling which makes them subject to a fine if they enter residences without search warrants. They take internal revenue and customs service agents with them on their "warrantless" raids. These officers may search without warrants.

Ohio State Student Held For Forgery  
COLUMBUS, O., April 7.—(By the Associated Press)—Comparison to handwriting on examination papers and that on forged checks led to the arrest of Henry Faye, 29, Ohio State University student, of Columbus, on a charge of forgery. He was held at police headquarters at Washington, T. Becker, of Youngstown.

WHEELING, W. Va., April 7.—(By the Associated Press)—On account of the continued ill health of Dr. G. E. Lockhart, a pastor of Wheeling Baptist Temple, a radiophone has been installed in the church and sermons will be received every Sunday morning from Pittsburgh. In the event of Dr. Lockhart's recovery, physicians say, he will be able to resume his work in the pulpit until after the summer vacation.

### Southern Ohio Coal Exchange Rejects Offer For Parley

COLUMBUS, O., April 7.—(By the Associated Press)—The Southern Ohio Coal Exchange late yesterday rejected the invitation of Representative John L. Nolan, chairman of the house labor committee, to be a party to the proposed conference of operators of the central competitive field and officials of the United Mine Workers of America, to negotiate a wage scale and working agreements in Washington, April 10.

### Demand Contracts Be Produced In Court

BALTIMORE, Md., April 7.—(By the Associated Press)—The United States district court today granted the temporary order restraining the strikers from illegal acts in connection with the walk-out. They allege that the road has no genuine agreement with the contractor. Judge Rose in the United States district court granted the temporary order last week and set today for final hearing.

### Father Of Axe Victims Found Dead At Neighbors

CONCORDIA, KANSAS, April 7.—(By the Associated Press)—L. H. Tremblay, a farmer living near St. Joseph, this county, five of whose sons were backed with an axe early Tuesday, resulting in the death of one of them, and the probable fatal injury of three others, was found dead at the home of a neighbor early today, where he had been staying since discovery of the crime. No trace of poison was found about the body.

A coroner's investigation has been ordered. Experts from the state prison last night and Tremblay through a severe grilling in connection with the crime.

Officers expressed the opinion that Tremblay committed suicide by taking poison. Tremblay, when questioned at length last night for a finger print expert, grew suddenly ill.

Early last Wednesday night neighbors attracted to the Tremblay farm by the burning house and barn found the body of Theodore Tremblay, 19-year-old son of L. J. Tremblay, a city consumed by flames and with the head crushed. Four other sons, Albert, 14, Francis, 12, Alfonso, 10, and Cleo, 8, were carried from the house, all suffering from blows on their heads. The father was found on the porch, his feet bound with wire and suffering from a slight scalp wound.

Examination disclosed that all had been attacked with an axe. Later, according to officers, the bloody weapon was found in the kitchen of the home and declared to have been part of the household equipment.

Theodore had been killed, it is thought, in an attack from the rear. His skull had been crushed at the base of the brain.

A fifth son, Philip, 16, who was employed at another farm five miles away, established his alibi that he had been at his place of employment the night the crimes were committed and was released. A little daughter, who had spent the night with a married sister some distance away, was the only other member of the family to escape injury. The mother died several years ago.

After regaining consciousness the following day, Tremblay told officers he had no idea who committed the crime, as he could recall no enemies. The authorities yesterday began to delve into the financial affairs of the family, especially those of the father, who was a trustee of Shirley township. It was ascertained that a \$1,000 mortgage on the Tremblay farm held by a Bellevue, Nebraska, firm, became due June 21 last, and had not been paid off. Theodore, it was found, carried life insurance amounting to \$5,000. The sheriff yesterday took charge of the clothes worn by the father the night of the attacks and killing. No hope is held out by attending physicians for Albert and Francis, Alfonso and Cleo, they say, may recover.

### 500,000 Gallons Of Liquor Destroyed By Members Of I. R. A.

DUBLIN, April 7.—(By A. P.)—Five hundred thousand gallons of wine and whiskey were destroyed last night by members of the Irish republican army, who forced their way into the bonded stores of the custom house here, it was stated officially today by a Belfast boycott official. He estimated the revenue loss at nearly 2,000,000 pounds. A guard kept watch outside the stores while volunteers worked inside throughout the night, smashing casks and letting their contents flow promiscuously.

### Electric Lines' Rates Reduced

NEW YORK, April 7.—(By the Associated Press)—General Gregorie Semenoff, leader of the Russian Cossacks, today availed in one of this city's best hotels instead of the Lindley street jail, where it seemed for several hours last evening he would be the city's guest. He was arrested at the instance of the receiver of an American company trading in Russia, who thus sought to enforce the payment of a judgment of \$475,000 entered against him in Harbin, Manchuria, last December.

### Semenoff Arrested; Out On Bail

Held Under Guard At Waldorf—Semenoff, whose favorite title is "Ataman of the Cossacks," was permitted to go to the Waldorf, where he and his young wife had made reservations, and was there held under guard until nearly midnight. In the meantime, friends had been busy trying and telephoning all over the city and they at last secured the \$25,000 bail demanded by Sheriff Nagle.

Sheriff Refuses Jewels—Madame Semenoff offered the sheriff a necklace of pearls, said to be valued at \$50,000, as collateral, but the official refused to accept it.

Claims upon which the judgment in the case was rendered alleged that Semenoff and his forces, plundered in 1919 at or near Chita, Trans-Baikalia, stores belonging to the Yokoyama Home and Foreign Trading Company, a New York corporation.

Commanded U. S. Forces—It was contended during the trial at Harbin that Semenoff had not been recognized by any government and that therefore he was personally responsible for the property seized. The general claimed last night that he was added by the allies and that from September 2, 1918, until April 1, 1920, he was a commander of United States forces in eastern Siberia.

When the Cossack chieftain landed in New York recently, he was served with papers in a suit brought by U. S. Richard and Company, of this city, who claimed he had wrongfully deprived them of four skins and furs valued at \$150,000.

Attorneys engaged by the general were expected to consider today the next steps to be taken in the case.

### Anglican Churches To Use New Prayer Book—"Obey" Retained

MONTREAL, April 7.—Anglican churches in Canada will use a new prayer book, Easter Sunday, taking the place of one compiled in the reign of James I of England. A committee of the Anglican church in Canada has been at work several years revising the prayer book.

The new volume, according to Bishop Partridge, of Montreal, is free of "obsolete and antiquated words and phrases and puts the services to the changed conditions of the age and era, and the prayer book by additions to suit the temper of today."

One effect of the changes, according to churchmen, is that services may now be shorter. The marriage service remains substantially unchanged. The women still promise to obey.

### WRECKAGE FALLS FLAMING TO THE GROUND

PARIS, April 7.—The Paris and London aerial expresses collided in mid-air this afternoon over the village of Thieulloy, 70 miles north of Paris. The pilots of both airplanes, three passengers and one mechanic were killed in the wreckage that fell flaming to the ground.

The French airplane, piloted by Aviator Mire, aided by a mechanic, was carrying three passengers. It left Le Bourget, in the environs of Paris, at noon for London.

The British airplane, which left Croydon, in the London area, this morning, carried mail and was manned only by a pilot.

The passengers in the Paris airplane were M. Mouriez, M. and Mme. Julian Bruzi.

The British machine, piloted by Aviator Duke, had only been in use three days on the express route. It belonged to a new company operating a Paris-London service.

The accident occurred during a fog, the pilots seeing each other too late to avoid a collision.

Five persons from the machines were dead, while inhabitants of the village of Thieulloy arrived on the scene shortly after the crash, and the sixth victim was dying.

### NO ARMY PLANES TO PATROL COAL STRIKE AREAS

First Week Of Strike Complete Success

INDIANAPOLIS, IND., April 7.—(By the Associated Press)—The first week of the nationwide suspension of work in the coal mines, ordered by the United Mine Workers of America, ended today and was marked at union headquarters here by William Green, secretary-treasurer, asserting that the "strike is gaining strength in non-union fields," particularly central Pennsylvania and West Virginia. He said, however, he had no detailed figures, adding that reports from the coal fields were going direct to President John L. Lewis at New York.

"Not the slightest suggestion of a change in the situation is apparent, and none is to be expected until the operators meet the union in conference and a wage scale is worked out," declared Mr. Green.

WASHINGTON, D. C., April 7.—(By the Associated Press)—Positive statement was made today by the war department that no army airplanes had been ordered to patrol sections in which the coal strike exists, officials who made the statement in connection with reports that planes had been ordered to mining centers, added that no such orders were contemplated as the war department does not expect any situation arising which would necessitate such measures.

Officials suggested that the strategy requirements for a military aviator to spend a minimum number of hours each week in actual flight may have led to the reports, since there are not strictly limited as to area and some may have taken routes which carried the planes over shut down mines.

To "Reason" With "Dancing Set" ASHEVILLE, N. C., April 7.—(By the Associated Press)—The ministers of Asheville decided today to call a mass meeting at which they will "reason" with members of the "dancing set" and their parents in an effort to alleviate the necessity of keeping in force a city ordinance passed last fall forbidding public dancing.

## Commission To Provide Eight Tennis Courts

At a meeting of the park commission held at the office of Service Director William Gergens Thursday night active work was started with a kick-off as acting secretary. The commission had petitions from tennis players asking that eight courts be constructed on the Children's Home grounds and that the three courts at York park be put in shape. Favorable action was taken on both petitions, the eight courts to be constructed in the northeast corner of the Children's Home park.

It is planned to have three-shoe pitching courts just west of the tennis courts along the Seventeenth street side of the grounds. A boys' regulation baseball diamond will also be laid out in the northwest corner of the grounds.

The tennis courts and baseball grounds at York park are to be put in shape at once. The ball ground back stops are now up and work will be started on the tennis courts in a few days as soon as a caretaker is appointed. Caretakers are also to be appointed for Children's Home grounds and Tracy park.

## Good Firm Flesh--

Increased Weight, Strength and Energy—Amazing New Food Factor.

Thousands who have always been complaining about being weak, thin, emaciated and run-down may now find in Yeast Tablets when used in connection with Nuxated Iron the very thing which will often quickly help them to put on good firm flesh, round out face and figure and increase their strength, energy and endurance. These tablets contain a sufficient quantity of oxygenated-organic iron to enable them to assimilate their food properly. Without organic iron both food and vitamins are absolutely useless, as your body needs the power to transform food into God-watering life with flesh, muscle and tissue. Therefore your food merely passes through your body without doing you any good.

It therefore appears that in practically all cases where vitamins are necessary, organic iron is also necessary.

To prove to you the surprising results which we feel should be quickly obtained from the valuable combination, armaments have been made with druggists in this city to give you A LARGE DOLLAR PACK, AGE OF GENUINE YEAST VITAMINE TABLETS ABSOLUTELY FREE, with your purchase of a bottle of organic Nuxated Iron. Take your Vitamin Tablets before meals and organic Nuxated Iron after meals. Weigh yourself before you start and again after ten days and see how much you have increased in weight, size, strength, vigor and energy. If you are not perfectly satisfied with your weight increase and the general results obtained, the manufacturers will promptly refund your money.

IMPORTANT: We recommend that you do not take vitamins unless you wish your weight increased. If you desire a greater strength, energy, physical and mental vigor, we recommend that you take Nuxated Iron only.

# Miss Dolly Wise

She is here to answer any and all questions concerning love, matrimony, troubles, woes, etiquette, etc. Inquiries should be addressed to Miss Dolly Wise, care The Daily Times, Portsmouth, Ohio.

Dear Miss Wise—Would you please tell me the names of several hotels at Yellowstone and Glacier National Parks?

If you are contemplating a trip to Yellowstone National Park, you will find it a good idea to buy a railroad ticket that will include hotel accommodations and a car to take you to the park. Such a ticket will enable you to stop at all the hotels there. It takes about four days to go through, but you can spend it longer if you care to. You can also buy a ticket to include camp accommodations, while in the park, but those who have made the trip say they prefer to stop at the hotels instead of in camps, as the cost is only a few dollars more. Of course, if you are going through in an automobile with a private party, you can pay as you go instead of buying the ticket as suggested above.

Dear Dolly—I am living from hand to hand with my husband and my daughter want me to go with her and she will leave me, and I won't have to worry about anything. I am not strong enough to work for my self. My husband does not seem to care for me any more. What shall I do?

JACKSON READER.

I would advise you to stay in your own home if possible. You might be satisfied with your daughter for awhile, but you would soon begin to get tired of her, and she would not want to live with you. Instead of coaxing you to leave your husband, your daughter should encourage you to spend the winter of your lives together. When you married him you took him for better or worse, and if the worst has come, you should try and make the best of it until you have adjusted your domestic affairs. Don't be a quitter. Perhaps he has a reason for leaving you. If you and your daughter are plotting ways and means to get rid of him, you can't expect him to like you. If he is doing the best he can to make a living for you, I think you should be satisfied until he can do better. It would be a shame to turn a helpless old man out into the world to care for himself, especially after he has worked hard and made many sacrifices to rear a family. A daughter who will mistreat her father will mistreat her mother sooner or later.

Dear Dolly—I see we have a church of the Nazarene in Portsmouth. Will you please tell me how many universities this church has, and where they are located, and where are their headquarters located?

WORLD-BE-TOMIST.

According to the Religious Statistics the Protestant Church of the Nazarene has a membership of 32,230 in the United States. They have 206 church edifices with a total valuation of \$1,719,832, with \$289,794 debt on same. This is all the information I can furnish you on the subject.

Dear Dolly—Will you please tell me how I can clean a white silk taffeta hat?

L. T. S.

If you are clever with a needle, you could turn the silk wrong side out. If not, you might try rubbing it with black magenta. I don't imagine gasoline would do the trick, but you might try it. You could also have it dry cleaned at one of the local shops.

Dear Dolly—Do you know whether or not the Homer Smith will run an excursion to the Saturday before Easter or not? If so when will it leave and what will it cost and how far up the river will it go?

DIMPLES.

There is an excursion scheduled for Easter Sunday. Watch the advertisements in the Times and you will learn all about it.

Dear Miss Dolly—Can you tell me how long the air planes have been in existence? In other words what year was the first flight made? Was it before or after the war? Were the Wright Brothers the first inventors?

ANXIOUS TO KNOW.

The flying machine, dreamed of for centuries, became a reality with the development of the gasoline engine. Before that all sorts of appliances had been tried, ending with an actual flying machine, developed by Prof. Langley of the Smithsonian Institution. A steam engine furnished the motive power for Langley's creation, and it actually flew alone, but it did not succeed in carrying a man to and from an airplane. It was years after Langley's death. Although Wright Brothers had experimented for years their first public demonstration took place in 1903. So really the practical application of aviation has been within the past twelve years. Dirigible balloons, or "airships" as we call them today, had been experimented with for a long time, but they also had to wait for the gasoline propelling force.

SOCIETY

About fifty couples attended the dance in the Winter Garden last evening when Paul Whiteman and his famous orchestra of New York City presented the "Romance of Rhythm" and many other of the latest dance hits. The crowd, which included many out-of-town dancers, thoroughly enjoyed the entrancing music for which this orchestra is noted. The concert in the afternoon was omitted because the orchestra failed to make connections and did not arrive in the city until 7:30 last evening. Mr. Whiteman and his orchestra will play for the Criterion Club dance in Huntington this evening.

All members of Manly church choir are urgently requested to be present this evening at 7:45 o'clock to work on the Easter music. All ladies are asked to please be at the church at 6:50 o'clock to rehearse the ladies' choruses.

A DISTINCTIVE STYLE

Model 2965. The short detachable collar of this pretty model goes well with wide sleeves and youthful lines. Canton crepe would be attractive for this design. Beading or embroidery. This is a good model for taffeta or for a fabric combined with tulle.

Model 2965 is cut in 6 sizes, 12, 14, 16, 18, 20, 22 and 24 inches bust. The skirt in 6 sizes, 24, 26, 28, 30 and 32 inches waist. The width of the skirt at waist is 2 1/4 yards. To make as illustrated will require about 2 1/2 yards material.

Separate patterns mailed to you on receipt of the P.O.R. pattern in silver or stamps and extra for postage.

Send for No. 3831-3695.

Pythian Sisters, Elrose Temple, met last night in regular business and social session with fifty-five members present. Mrs. Edward Rechner was chairman of the social committee. A feature of last night's meeting was the celebration of the birthday anniversary of one of the officers, who would not permit her name or age to be made public. Announcement was also made at the meeting that Mrs. Otto Lanfior, Most Excellent Soror of the Temple, who has been very ill, is improving.

Mrs. Harry Christie was made chairman of the social committee for the next meeting. She will be assisted by fourteen members of the Temple.

Mr. and Mrs. Harry Harrison and children of Covington, Ky., were called to the bedside of her mother, Mrs. Richard Cooper, of South Portsmouth, who suffered a paralytic stroke a few days ago.

Announcement is made of the marriage of Mr. Chester R. McDonald, son of Mr. and Mrs. W. N. McDonald, of this city, and Miss Sarah Young, which took place in Hamilton, Ohio, last Monday, April 3rd. Mr. McDonald has been located in Middletown, Ohio, for some time, where he has a responsible position as chemist for the Gardner-Barney Paper Company. The young couple will make their home in Middletown.

Miss Johanna Lardner, a clerk at Brunner's store on lower Market street, is ill with the mumps at her home, 520 Fifth street.

Mr. and Mrs. Charles Eaton and daughter, Norma Lucille, have returned to their home in South Portsmouth after spending several days with his parents, Mr. and Mrs. Chas. Eaton of Olney, O.

Mrs. Richard Cooper of South Portsmouth, who suffered a paralytic stroke a short time ago, is getting along nicely and it is now thought she will recover.

Miss Anna Crum, organist of the Second Presbyterian church, desires that every member of the choir be present this evening for practice. The Pastor's choir will meet at 8:15 in the Beginners' room, to rehearse the music for the Easter morning services, and the Senior choir will meet immediately after the evening services.

Miss Stella Koefer of Eighth street has resumed her work at the Otto Zedlner & Bros' jewelry store on Gallia street after a two weeks' illness with the flu.

The Woman's Home Missionary Society of Trinity Church will meet at the home of Mrs. J. M. Stockham, Beechwood Heights, Tuesday afternoon, April 11th. This is the Lenten offering meeting and members are kindly reminded to remember their donations.

Mrs. W. W. Robinson will be the featured leader for the afternoon. Mrs. Emil Arthurs will have charge of the Epigrams, while Mrs. Stockham will direct the program. Assisting during the afternoon will be the following members: Mrs. A. A. Wilson, Mrs. T. J. Cox, Mrs. Harry Cranston, Mrs. H. B. Campbell, Mrs. Laura White, Mrs. Albert Thomas, Mrs. Roy Prudner, Mrs. Emma Frowine and Mrs. J. R. Frostick.

The Epworth League entertainment at the Glenwood Avenue Auditorium, New Boston, at eight o'clock this evening promises to be a very enjoyable affair, and a large crowd is expected to listen to the interesting program that has been prepared for the occasion.

A little playlet, entitled "Tab's Meat Shop," will be a feature of the evening. The following is the cast of characters:

Ona Pershan, Prodigal daughter who accomplishes the impossible.

Alma A. Liston, a great Irish medium, produces astounding spirit phenomena.

Evans, Welsh musician, will present a few of Thurston's famous tricks.

Act II: Her Father. A roving one act farce.

Pendleton Peppercorn, almost deaf, father of three daughters.

Priscilla Ann, oldest, and almost engaged.

Pamela Jane, younger, but hoping Polly Loretta, fourteen, and brilliant.

Gustus Tyler, Priscilla's young man, very bashful, has just inherited a fortune.

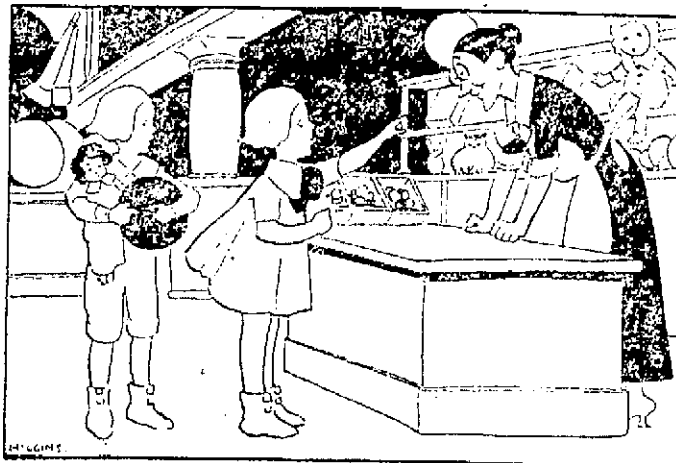

Twenty members of the Ladies' Aid Society of the First Baptist Church attended the business meeting held at the home of Mrs. Warren Hartz, 1122 Eighth street, yesterday afternoon. Following the usual business, the remainder of the afternoon was spent socially, during which light refreshments were served.

Mrs. George Clark assisted Mrs. Hartz during the afternoon. Two guests, Mrs. W. S. Hollenbeck and Miss Elizabeth Clark were present for the afternoon.

Division C will have charge of the next meeting, which will be held the first Thursday in May, the place to be announced later.

## Adventures Of The Twins

BY OLIVE ROBERTS BARTON

They wandered from counter to counter.

NANCY bought a doll with her own money and discovered to be another dime.

Of course, Nick found out, too. Nick had been right. The dimes were magic. They had the power to make people who owned them get time and everything else.

"Oh, this is different," said Nancy. "It's a candy store." And she stopped to gaze at the piles of pink taffy, salted peanuts and yellow cakes. "I'm dreadfully hungry. Let's go in."

So in they walked. Nick quite forgetting his fine words about hurrying on their errand. They wandered from counter to counter, trying to make up their minds what to buy. From the counter with nut bars to the one with sunshine drops, from the sunshine drops to the candy kisses, from the candy kisses to the lemon sticks, and from the lemon sticks to the lollypops. Even then they couldn't decide, for across the aisle were piled up perfect mountains of chocolate marshmallows and popcorn balls.

Finally Nick bought peanuts and Nancy gaudpops.

Members of the Home League enjoyed a delightful session yesterday afternoon at the beautiful home of Mrs. John M. Stockham, Beechwood Heights, with Mrs. Stockham and Mrs. Howard Starks as joint hostesses.

Spring flowers were placed at vantage points about the room, adding to their beauty. Members responded to roll call with the name of their favorite song. Mrs. R. B. Cartwright opened the meeting with an appropriate scriptural selection. Yesterday had been designated as "Musical Day" and Mrs. Fred Baker read an interesting paper on "Musical Education in the Home and School," which proved very opportune for the program. A piano duet, including two numbers "Humoresque" and "Valse Caprice" was given by Mrs. George Kah and Mrs. W. C. Ferguson.

Mrs. Lucien G. Locke was next on the program with an article entitled "The Development of Musical Instruments," which proved both interesting and instructive. The last on the program was two vocal numbers, "By the Waters of Minnetonka" and "Hark! The Robin's Early Song," which were rendered by Mrs. E. H. Dalley, Mrs. J. M. Stockham playing the piano accompaniment.

The Sunshine Corner which is one of the entertaining features of each meeting, and which includes a number of humorous jests and quips was in charge of Mrs. J. D. Jordan.

During the afternoon, the members presented a handsome silver coffee pot to Mrs. Bliss R. Cartwright, who has been a faithful member of the club for several years, and leaves in the near future for Buffalo, N. Y., where Rev. Cartwright has accepted a call.

A delicious five course was served at the conclusion of the social hour. Guests for the afternoon were Mrs. W. C. Ferguson and Mrs. George Kah.

The next meeting will be held at the home of Miss Mary 194, 1128 Eighth street. Her assistant hostesses will be Mrs. Anna Knass, Mrs. E. H. Dalley, Mrs. Edwin Paffenberger, Mrs. Theodore G. Shump and Mrs. Louis Thiers.

The Woman's Literary Club will meet tomorrow afternoon, April 8th, at the home of Miss Kate and Ada Vigue, 2292 Mission avenue when the following program will be presented:

Paper: The Immigration Problem. Miss Margaret Farnstone.

Vocal Solo: Richard Bennett.

Food and its Nutritive Value. Miss Lulu Summers.

Vocal Solo: Mrs. R. G. Gilmore.

Piano Solo: Mrs. J. M. Stockham.

Games for the Grown Ups: Miss Kate Vigue.

The Knit-a-Way Club met in regular session yesterday afternoon at the home of Mrs. W. A. Gray, 1825 Grandview avenue. Needlework and Victrola music were the diversions of the afternoon and at five o'clock a delightful refreshment course was served to Mrs. Martin Newman and daughter Pauline, Mrs. Carl White, Mrs. Dick Boyd and children, Richard and Bobbie, Mrs. Ben Porter and daughter, Helen Marie, Mrs. M. F. Pinson, Mrs. J. L. Seerest and Mrs. D. W. Hatten.

Miss Rosemary Miller has resumed her studies at the Mary Burdham School for Girls, Northampton, Mass., after spending the spring vacation with her parents, Mr. and Mrs. Cecil S. Miller, of Fifth street.

The many friends of Mrs. J. Frost Davis, who has been a patient at S. H. H. hospital for the past six weeks, following a serious operation, will be glad to learn that she was able to be taken to her home on Fifth street last night.

Mrs. Meyers Lerman was a charming hostess yesterday afternoon when she entertained members of the Kappa Kappa at the Social Center. Tables were provided for five hundred which provided the attraction for the afternoon. After the game was concluded the token for highest score was awarded Mrs. Dan Labold while Mrs. I. Quesser held second highest score.

At 4:30 o'clock, a delicious two course lunch was served at the card tables and the club adjourned to meet in two weeks with Mrs. Louis LeVie.

Mrs. Dallas Leman, 164 Fifth street, entertained the members of the Merry Twine Club at her home yesterday afternoon. The guests brought their needlework, and the time was spent in that manner. At four thirty o'clock, a dainty refreshment course was served by the hostess, assisted by Mrs. E. J. Staehler.

The next meeting will be held at the home of Mrs. William Nangle on Fifth street.

## Read this Health Message at once! Know what Nature's Food can do for you!

Every man, woman and child addicted to pills and cathartics for constipation should know that Kellogg's Bran, cooked and krumbled, will give permanent relief naturally if they will eat it regularly. Pills and cathartics can never do more than give temporary relief, and at the same time they aggravate the delicate intestinal pathway and pave the way for graver disorders.

Kellogg's Bran, cooked and krumbled, is simply nature's food, and made delicious and appetizing by the Kellogg process. Eat it as a very appetizing cereal or sprinkle it on your favorite cereal or on other food. Your physician will endorse the constant use of bran for constipation. We guarantee that Kellogg's Bran will give permanent relief to every sufferer from constipation if at least two tablespoonsful are eaten each day. For chronic cases, eat as much as is necessary.

Kellogg's Bran sweeps and cleanses without discomfort. Its natural mechanical action is wonderful. Nineteenth of all human ailments would be eliminated and there would be a new and better race of people if bran was universally eaten daily.

Kellogg's Bran can be used in many delightful foods such as bran bread, pancakes (the best you ever ate), macaroons, etc. See recipes on each package. Buy it at your grocer's.

Mr. and Mrs. Oscar Tipton, Fort Morgan, Colo., are visiting Mrs. Tipton's mother, Mrs. Bertha Blood, 1405 Park avenue.

Mr. J. Osborne, Cedar Hurst, N. Y., is visiting his sisters, Mrs. Myrtle Lewis and Mrs. Sarah Malone, for several days.

# ANNIVERSARY SALE

Our store was packed by eager buyers on the opening day of this sale — and not a person whom it was possible to wait upon went away empty handed. We were sorry that we could not give all that attention that has always characterized this store. More clerks have been employed, however, and no patron will go away without having secured their share of the marvelous bargains that are to be found throughout the entire store. We are celebrating our first anniversary and we are presenting the public with values they never dreamed possible.

## SUNDAY OBSERVANCE

**On Sunday** Two things are to be done: visiting the sick and the poor and worshiping God. Sunday is God's day. Man has no other god; both interior and exterior worship. Interior worship presupposes spiritual mental acts of believing in God, trusting in God and loving God. It is made also of acts of mental prayer, meditation, contemplation by local priests, singing hymns, psalms, canticles and Scriptures, listening to sermons on faith and morals. The most form of worship is sacrifice. The Sunday must be holy, i.e., by being present at the offering up of the Body and Blood of Christ under the appearance of Bread and Wine.

## QUICK RELIEF FROM CONSTIPATION

Get Dr. Edwards' Olive Tablets

That is the joyful cry of thousands since Dr. Edwards produced Olive Tablets, the substitute for calomel.

Dr. Edwards, a practicing physician for 17 years and calomel's old-time enemy, discovered the formula for Olive Tablets while treating patients for chronic constipation and torpid livers.

No griping is the "keynote" of these little sugar-coated, olive-colored tablets. They cause the bowels and liver to act normally. They never force their way to unnatural action.

And breath—a dull, tired feeling—a headache—toxipid—liver—constipation—you'll find quick, sure and pleasant results from one or two of Dr. Edward Oliver Tablets at bedtime.

Then, and take them every night in to keep right. Try them. Use at 130

# REVIVAL SERVICES

## Sunday School Night

It was Sunday School night at the First Baptist Church revival services last night. Rev. Ketchum preached before a great audience on "The Judgment of The Cross." He chose for his sermon setting the story of the Passover in the land of Egypt and showed that what the passover lamb was to the shining Israelite, Christ is to every believing sinner.

"The lamb in Egypt was a substitute for the guilty Israelite, and Christ is the substitute for every guilty sinner in Portsmouth," the evangelist declared. "On the Cross God dealt with Jesus Christ as the greatest criminal of the universe, on that cross Jesus had upon Him all the guilt of all the numbers of all the world. He had upon Him all the guilt of all the liars, thieves, burglars, gamblers, drunkards, swimmers, thieves and every other sinner in all the wide universe. From the beginning God was pursuing sin and at the Cross He came up to it in the person of His Son. On that Cross all the hatred of God against sin swept forth and broke like a descending deluge upon that perfect and sinless Son and from that hour of black tempest and wrath, indignation and judgment where Jesus suffered in the name of and as the substitute for every sinful man suddenly there comes the cry 'My God, My God, Why Hast Thou Forsaken Me?'"

"In that hour upon the cross Jesus was forsaken by the Father and was left in the sinless, sinless midnight of an infinite and awful repudiation to sink under the measureless billows of wrath in which every sinner was a deeper and ever deeper drowning agony of helplessness and hopeless despair. And all this for any guilty sinner who will have it. Sinner go to that Cross there and say, 'Father count His agony and His condemnation as though it were mine' and that moment God will wipe away every cloud of condemnation and accept you in the Person of His sinless Son."

Tonight Mr. Ketchum will speak on "Why Don't God Speak Out Loud, or 'The Mystery of a Silent God.'"

There will be baptism at the close of the service.

## "Conversion of Saul"

Bringing up his long range and big calibre guns from the rear, Rev. Cuthbertson spoke on the "Conversion of Saul," a theme as old as the incident itself, but one that the eloquent minister clothed in language of such vivid lines as to make it seem like new. The minister was at his best and his theme gave him the opportunity of covering a wide range of territory and he made good use of his opportunity to drive home truths that will live as long as life. His sermon followed a splendid song service, led by Rev. Kate P. Crabtree, who makes one sing whether he wants to or not. In fact, the song service must have inspired Rev. Cuthbertson to his best effort, for it anything his command of language, the painting of pretty and vivid word pictures climaxed his efforts at the local church. He said in part:

"No more extraordinary event ever occurred than the appearance of Saul before Saul of Tarsus. It was not the mere narrative, because think what a marvelous man Saul was, and what a marvelous work he did. Next to Jesus Christ, Paul stands out as the greatest character that ever lived. However, Paul was not favored beyond any man who truly obeyed the gospel. While it took an unusual condition to offer Saul, God's love and pardon and favor is willing upon all—there is one law of pardon for all."

"How many people belong to a religion, religious body, because their

grandfathers did—simply persisting in traditions handed down the corridor of time by little men—narrow-minded men. If we could brush aside the traditions of men we could see brothers' arms around brothers' hearts. It's a real pleasure—having people can't give it up. Demonic fanaticism springs from hate. Jealousy arose between brethren—cliques were formed, religious feuds germinated and a new religious sect was formed. A hate does hard—it requires mighty dynamite from heaven to blast us loose from our petty jealousies."

Patriotism has been designated by some as one-tenth love for one's country and nine-tenths hate for the other nations of the earth. It's hard to get away from prejudices with our hate-makers war would cease. The evangel of the cross—the old, old news, the new, new news, the good news—the wide news, is what later and sinner need. Sin, sorrow, shame and death have not come out of fashion—mourners go about in our streets as they did in days of yore. Jesus did not tell Saul what to do to be saved—he left that for his own conscience. Jesus is still calling from the cross of Calvary, come to me, my disciples, minister to the little ones and the needy of earth—that's a universal challenge. Paul was believing, but blind, patient but unimpaired. Paul was led to Damascus and there told what to do in these words: 'Why tarry thou, arise and be baptized and wash away thy sins, calling on the name of the Lord.'

The subject for Friday night's sermon will be, "The Conversion of a Military Officer." There will be no services on Saturday night. Rev. Cuthbertson stated that he would bring his discussion of the subject of Conversion to a close on Sunday evening when his theme will be "A Whole Prison Cleaned Up."

## Franklin Avenue Revival

The walls of the building were made to resound with harmony and praise to God as Mrs. Smith led the singing in her usual efficient way, especially during the singing of "All Hail Immortal." Special musical numbers were the solo by Mrs. Smith and "He's My Friend" sung by the members of the Bethany class, who were present in large numbers. The attendance and interest are steadily increasing. The pastor took as his text Rom. 2:1, speaking of the goodness, forbearance, and long suffering of God, and of our duty to repent and give our hearts and lives for Him. Many were touched and led to the brink of appreciation for all God's goodness to us.

Mrs. Smith has charge of the afternoon meetings, and all who have had the pleasure of hearing her have received a real blessing. Yesterday afternoon she spoke of the gift of the Holy Spirit.

This will be Junior and Intermediate evening, and it is expected that a large number of the young people of the Sunday school will be present. The Junior choir will sing. Special number will also be rendered by Mrs. Smith and Mr. Cuthbertson.

## At Second Church

At the revival meeting in the Second Presbyterian church Thursday night a good audience was present. Rev. Hugh L. Evans preached and William Wiley Young sang "Wonderful." There will be service to night, and every night next week with the exception of Monday and Saturday.

## At Church of Christ

The meeting at the Church of Christ, Robinson avenue, still continues. We have no attraction but Christ, no creed but the word of God, no other institution but the church which Christ said was his church, and he is the only drawing

power we have. Christ said, "And if I be lifted up, will draw all men unto me." We are holding him up in songs, singing in the way and in the manner Christ commanded. We hold him up in our prayers and in our teaching. To know nothing but Christ and him crucified. We believe that Christ and his Apostles told the truth and that God will pour out his wrath on all those who do not obey.

The subject tonight is, "The power to become the children of God."

## Trinity Church

"God is not an autocrat; man is the master of his own destiny, the director of his own fate, and whatsoever he sows that shall he also reap." With such forceful words, Rev. W. C. Millham, speaking from Gal. 6:7, likened man in the moral and spiritual world to the farmer sowing seed. He does not expect a return of just the seed planted but expects an increase in quantity; and as the farmer looks over his harvest and passes in the grain, so God is looking over what we have sown and will pass on the quality of the return as well as the quantity.

The congregation of Trinity received another pleasant surprise on Thursday evening when the Columbia Chorus, composed of some of Portsmouth's most talented male singers was present, giving the special musical number. Tonight being Sunday school night, it is expected there will be a fine representation from the Sunday school and their friends. The regular church choir as well as the Sunday school orchestra, will assist with the music and it is anticipated that the final meeting of the week will also be the best.

## At the F. B. Church

Another large and interested audience assembled at the United Brethren Church last night to hear the Evangelist Dr. W. A. Knapp discuss "The Antidote for Snake Poison." The discourse was built around the incident of the fiery serpent in the wilderness. The Evangelist pressing the fact throughout that "the wages of sin is death but that the gift of God is eternal life through Jesus Christ." He said, "There is a serpent in the world that has poisoned the life blood of the human family. Death is all about us as a result of the poisonous sting of sin. There is no way for the individual to escape death which is the result of sin. Only the Great Physician offers a cure for sin. Christ alone can bridge the dark chasm of death. Jesus is the antidote for the poisonous sting of sin."

The special music was a beautiful gospel duet furnished by Mrs. George White and Mrs. Phillip Knott. The Evangelist announced that tonight he will speak on "What Must I Do to be Saved" and tomorrow, Saturday night, "Short Beds and Narrow Covers." Special music in addition to the inspiring congregational singing, is furnished each evening.

Sunday afternoon at two-thirty Dr. Knapp will speak to a mass meeting of men. His subject will be "The Devil's Boomerang" or "Scolding Angels."

## Municipal Court Judges To Meet

TOLEDO, O., April 7. (By the Associated Press.) To perfect a permanent organization, municipal judges from a number of Ohio cities will hold a meeting here Saturday. It was announced today. The organization will be known as the Association of Municipal Judges of Ohio. Expediting of cases is to be the chief object.

Judge Samuel Young, of Toledo, is temporary chairman. All Ohio municipal judges past and present are eligible to membership.

# Delegation Contends For "Suitable Foundation" For "Y" Road; May Protest To State Officials

## Dodges Boy, But Runs Down Man

C. T. Burgess of Long Meadow addition, Sciotoville, suffered serious injuries about the head Tuesday morning when struck and knocked down by an automobile driven by Roy Munton of South Webster, the accident occurring on Gallia Pike just east of State Yards.

Mr. Burgess was walking to his work at the Carlie brick plant, Mr. Munton, who is a bricklayer, was driving to his work at the Whitaker-Glossner plant in New Boston.

Mr. Burgess was with several men walking on the south side of the paved road, a Munton seeing that there was plenty of room, started around the left side of an auto but, as he did so, saw a boy laughing on the side of the bus. To keep from hitting the lad he swung his car farther to the left and in doing so struck

Mr. Burgess, whose head was hit by the radiator.

Mr. Munton took Mr. Burgess to his home in Long Meadow, where Dr. Stewart attended him. He was unconscious for a short time, but was feeling better today. Mr. Burgess suffered minor bruises about the body in addition to the severe bump on his head.

A delegation from the Chamber of Commerce, composed of Mr. Selby, Roger Selby, John Ray, George Koch, Valrie Harold, A. Jordan and Chad Hott, appeared for the County Commissioners Monday and made vigorous protest against the use of brick roads, paying the "Y" road on the West Side, as provided by the plan under which the contract was awarded.

The delegation contended that without a suitable foundation, the road will fall to pieces because it is so frequently covered with water which occurs as many as sixty times a year, it was claimed.

The committee told the commissioners they favored the improvement but urged that the plan be changed so as to provide a suitable foundation, one that will withstand heavy traffic and water.

The contract for the paving of the road, 82 of a mile in length, was recently awarded to Harper & Hart on their bid of \$22,672.11 for the state highway department and is estimated that \$10,000 more would be required to construct the proper foundation desired.

At the conclusion of the hearing the board told the delegation they were powerless to take any action in the matter now that the contract has been awarded and signed and advised the committee that they must carry its appeal to the highway department in order to obtain the change sought. It was expected later that a delegation will be sent to Columbus to urge the importance of changing the plans as outlined.

## John T. Sullivan Stricken With Paralysis

John T. Sullivan, who is past 80 and is one of Buena Vista's best known citizens, is in a serious condition, the result of a stroke of paralysis he suffered Friday. His left side is affected, and owing to his age

his condition is alarming. His son, John, and daughter, Miss Millie, of this city, were called home Friday.

## South Webster To Have Electric Lights

South Webster is soon to have electric lights for street purposes and also for homes. Council recently passed a franchise ordinance granting a franchise to the South Webster Light and Power Company.

The population of South Webster is estimated at 600 and it is thought that the electricity will be put into about 100 homes.

At the conclusion of the hearing the board told the delegation they were powerless to take any action in the matter now that the contract has been awarded and signed and advised the committee that they must carry its appeal to the highway department in order to obtain the change sought. It was expected later that a delegation will be sent to Columbus to urge the importance of changing the plans as outlined.

## St. Mary's Team Wins Hot Game With Holy Redeemer

A hot game of basketball was played on the Holy Redeemer school court Thursday afternoon when the Holy Redeemer seventh grade team lost to the St. Mary's seventh grade team by a score of 14 to 11. The Holy Redeemer team were in the lead 9 to 1 at the end of the first half. St. Mary's came back strong in the last half and by making baskets and holding the H. R. kids to two points managed to win out. The winners showed good teamwork with Karnes showing up well for the losers. The time was up and summary.

Field goals: Lester 1, Lester 2, Krick 1, Ross 2, Delottell 1, Karnes 3, Holt 1, Wierchens 1.

Four goals: Karnes 1.

## Legion Holds Fine Meeting

One of the best attended and most interesting meetings held by James Post, American Legion was held last night when several important business matters came before the members.

Two new applicants, Adolph Froh and Ernest Jenkins were initiated and received into full membership. An amendment to the constitution pertaining to membership, it provides that all transferred members must take the initiatory work when they are accepted into the local Post. The Adjutant of the Post made a report showing the number of members in good standing and those who are delinquent and members were urged to get after the members who have not paid up so that the non-paid members will not be dropped from the roll. Announcement was made that a number of ex-servicemen are listing themselves with the employment bureau at the Chamber of Commerce and that the number of bonus checks received here compare favorably with the number sent into other counties. A Board of Review was authorized to work of this board to be the

hearing of cases of former service men who are dissatisfied with the disability compensation now being paid. The board after hearing their case will not accordingly and if it is decided that the applicant is entitled to more compensation will take up his claim and help in obtaining adjustment. The Spanish War Veterans were granted the use of the hall during the state encampment to be held in June.

### YOUR DRUGGIST

Does not keep Pinkham's Compound. He sells it. During the year 1920, nearly 3,000,000 bottles of this medicine were shipped from the factory at Lynn, Massachusetts. There is also a branch in Canada and one in Mexico. Lydia E. Pinkham's Vegetable Compound has the largest sale of any medicine for women's ailments. Every day more and more women are proving its worth. Made of selected roots and herbs, this compound contains no harmful drugs and can be taken in safety by any woman. —Advertisement—

## Terrell Hit By Street Car

D. C. Terrell of New Boston suffered bruises and lacerations about the head and face late Thursday afternoon when he was knocked down by the Scholville street car just east of Millbrook baseball park. Terrell was walking along the tracks and in getting away from the rails did not get far enough away to keep from getting hit by the car.

### Funeral Of Last American Dead

Muffled drum, half step, heads uncovered, Admiral, And General, And thousands of all walks of life. Thus the last public funeral of an American boy who died in the World War was held in Brooklyn. The body of Charles W. Graves, Rome, Ga., represented all of the 1005 bodies in the last shipment of American dead from Flanders' poppy fields.

### Most Unusual Horse Picture Of The Season

Many photographs of spills in steeplechases have come from England this year, but none so thrilling as this. St. Bernard fell over Awbeg in the Grand National Steeplechase at Becher's Brook. The former horse broke his neck, both jockeys escaped although one was pitched over his head and the other was caught under the falling horse.

### Germany Has Coal Troubles, Too

Heaps of coal discarded because of poor quality in more affluent days are now being reclaimed in Germany because of the coal shortage. If the present coal strike in America endures similar scenes may be repeated here next fall.

Proper massage is one of the best of all aids in stimulating the growth of the hair. It brings new supplies of blood to the roots and furnishes more nutrition for the hair-bulb, causing the hair shaft to shoot up faster. It is sometimes well, also, to pull the hair gently, lifting the scalp from the table of the skull. This helps the circulation. The elements needed to feed the hair are taken up in larger quantities. Hardly anything gives the scalp the feeling of being so thoroughly awakened as does this little "stunt."

## ADMITS STEALING FROM N. &amp; W.; SENT TO PEN

(Special To Times)

CHILLICOTHE, April 7.—When placed on trial here today on a charge of being a member of a gang who stole \$1,300 worth of cigars from the N. & W. recently, John Cardell, aged 32, pleaded guilty. He was sentenced to one year in the Ohio penitentiary.

He told the court that his confederates were Panhandle employees known by the names of Earl Saxton and James Orr and that they were missing.

Cardell, when placed on the stand, said he had been out of work and needed money to look after his family and gave this as his motive for stealing the cigars. He says he fell in with Orr and Saxton and they induced him to rob N. & W. box cars. Cardell formerly resided at Idaho, Idaho county and has a wife and two children.

Cardell was arrested in Columbus last week by Detective L. H. Elmer and after being brought to this city he confessed his guilt while in the local jail and implicated Saxton and Orr.

## WHEAT OUTLOOK BELOW PAST YEAR

WASHINGTON, D. C., April 7.—(By The Associated Press.) Winter wheat production this year, as forecast at 572,974,000 bushels, and rice production at 68,667,000 bushels, by the department of agriculture in its first estimate of the season issued today and based on the April 1 condition, which was: Winter wheat, 78.1 per cent. or normal, and rice, 80.0 per cent.

The winter wheat forecast compares with 587,062,000 bushels produced last year, 610,597,000 in 1920, and 578,575,000 the average of the preceding five years.

The rice forecast compares with 57,918,000 bushels produced last year, 60,190,000 in 1920 and 66,474,000 the average for the preceding five years.

Winter wheat condition on April 1 showed an increase of 2.1 points since December 1, last, compared with an average decline of 4.7 points in

the ten last years between those dates. Winter wheat condition a year ago was 91 per cent. of a normal while the April 1, ten year average, is 84.3. The area sown to winter wheat last fall was 44,292,000 acres, which was 1.2 per cent. less than the revised area sown in the fall of 1920. The condition of December 1, last, was 67 per cent., which was 11.9 per cent. lower than the previous year, and 1.3 per cent. lower than the ten year average on that date.

The condition of winter wheat on April 1, in the principal producing states, was: Pennsylvania, 92; Ohio, 87; Indiana, 90; Illinois, 93; Missouri, 88; Nebraska, 80; Kansas, 67; Texas, 57; Oklahoma, 61; Colorado, 77; Washington, 85.

## PLAN TO BOOST CITY AS BUYING CENTER

An important meeting of the executive committee of the Retail Merchants Bureau of the Chamber of Commerce and other retail merchants was held Friday morning at the C. C. office. It is composed of Samuel Horebow, chairman, W. A. Pepper, Joseph Kuntz, W. W. Anderson and Will Treischler. Other merchants present were James Distel, Albert Zoellner, George Ahrend, Charles Daehler, Charles Zoellner, John Flood, Will H. Burt, Arthur Bode, John Sommer and Samuel Hughes.

The meeting was called to discuss matters relative to the stimulation of co-operative interest among retail merchants.

All merchants are to be asked to concentrate their interests for trade

development. The executive committee has several propositions to promote retail business, they being especially adapted to the enlarging of trade not only in the county but in nearby districts that should use Portsmouth as a buying center or market place.

The executive committee, providing it gets support from other merchants, will present its program of proposed activities which the Retail Bureau will take up with the encouragement and support of other retail merchants.

It will be presented at a mass meeting of retail merchants for their opinion and consideration. Which ever trade development project of the program is found most suitable and

The men present went on record as pledging their support to the executive committee and to interest other merchants to join in the activities of the Retail Merchants Bureau.

star of an earlier generation, has been delightfully converted from her belief that nobody in the world wants a broken old woman and she no longer prays for death as the only way out.

News that the distinguished actress of the '80's was ill, and almost penniless in her rooms just around the corner from Broadway today brought an avalanche of friends to her aid. And Rose Coghlan walked for the first time in weeks.

All the way across the continent from a woman who had never seen Rose Coghlan act—came an offer of a big home, an automobile to ride in, and pretty clothes to wear for the rest of her life.

"Mother thinks that is the most wonderful of all," said Mrs. Richard Pittman, Rose Coghlan's only daughter, when she was advised of the offer sent by Mrs. Tom Dolphin, of Alameda, Cal., through the Associated Press.

Mrs. Pittman said her mother couldn't accept the offer, however. At least not yet. For she already has accepted an invitation to spend the summer in a big house on Long Island.

One of the letters Mrs. Coghlan received yesterday contained a \$100 check from David Belasco, producer of "Deburau," the last play in which she appeared. Another brought \$25 from Carl Hunt, an old friend.

Sam H. Harris, president of the Producing Managers' Association, was expected to call a meeting of the managers today to discuss plans for an early benefit performance to swell her thin purse.

## Aerial Expresses Collide

(Continued from Page One)

## Air Expresses Started In 1919

The aerial express service between London and Paris was started in the spring of 1919, and has come to be regarded as one of the dependable means of transportation between the two capitals. At first only patronized by travelers of an adventurous turn of mind, who wanted to have the thrill of air travel, it has developed within the last two years, with the element of danger reduced to the minimum, into a steady daily route. The trip is made in a little more than two hours and at least half of the passengers have been women.

## Prominent Officials Used Planes

Prominent officials have frequently availed themselves of the air route to attend hastily called conferences in either Paris or London. During the peace conference Bonar Law, of the British delegation, made hurried trips back to London to attend to routine official business, often returning the same day. King Albert and Queen Elizabeth, of Belgium, have also been passengers.

## Luxurious Air Pullmans

These luxurious air Pullmans carry ten or twelve persons in large comfortable chairs. Each seat has a separate porthole through which the passenger can view the landscape.

The Aerial fare has steadily decreased since large numbers of passengers have taken to this form of travel and round trip tickets cost about \$60. Another and incidental development of the air service has been the amount of merchandise carried. Each plane has a certain carrying capacity for goods and Paris dressmakers frequently deliver gowns in London in this way. Recently a load of prize pies was brought from London to Paris by air express and many dogs also have made the trip.

## Remarkable Happening In History of Aviation

Collisions between airplanes were not unusual in the war, when flocks of machines were moving swiftly in a comparatively unobstructed air. The meeting in mid-air of these two aerial expresses, however, is almost inconceivable, traversing the very same air channel out of the virtually innumerable ones available, constitutes one of the most remarkable happenings in the history of aviation.

## One Other Fatal Crash In Service

Only once before today's collision has there been a fatal accident in this service. This occurred in December, 1920, more than a year after the service was inaugurated, when a big air liner just as it was leaving Croydon, near London, fouled a tree and crashed to the ground in flames, killing the pilot, his mechanic and two passengers.

In 1922 a newspaper editor, aged 62, Model steamship, composed of wickered the use of airplanes for the study of straw, has been built by a transporting mail.

## Extending Newspaper Service

The Morning Sun takes this as a compliment that it has completed plans whereby virtually every part of the Portsmouth trading community will in the near future be covered by the Sunday Morning Sun and Times on the morning of publication. Arrangements have been completed to send a truck will cover the towns of Jackson, Wellington, Hamilton, Oak Hill, Bass, Rock, The Brook, Effort, Hales Creek, South Wellington, Silver Furnace, Grafton and Shaw next Sunday. This delivery will be extended to Stockdale and Beaver the following Sunday, thus completing this important link, and will mean the addition of the largest number of the smallest and poorest subscribers before long, we are positive. We do not want to lose any of the large number of these deliveries, and anyone who has a subscription to the Sun or Times, or who wants to, will find it to his advantage to call on the publisher at once.

Also next Sunday night's service will be extended to the towns of Jackson, Effort and Manchester, Ohio.

With the establishment of this service, the Morning Sun and Times will be delivered as soon as the circulation demands it, and it is hoped that the service will be a hundred percent distribution of the Sun and Times to the towns of Jackson, Effort, Hales Creek, South Wellington, Silver Furnace, Grafton and Shaw next Sunday.

We also are glad to announce that the Morning Sun and Times will be delivered in those places where a subscription is made, and it is hoped that the service will be a hundred percent distribution of the Sun and Times to the towns of Jackson, Effort, Hales Creek, South Wellington, Silver Furnace, Grafton and Shaw next Sunday.

# "TUT" JACKSON NOW READY FOR BEST HEAVYWEIGHTS IN THE COUNTRY; REDS ARE BLANKED

## Branch Rickey To Be Toastmaster

ST. LOUIS, April 7.—Athletic coaches and directors of eight of the schools in the Western Conference are to speak at a 24-club tournament for annual and former champions of "big ten" schools here tonight. An attendance of more than 100 is expected. Branch Rickey, manager of the St. Louis Nationals, will be toastmaster, and George Sider, first baseman of the St. Louis Americans, and John Lavan, shortstop for Cardinals, both former University of Michigan men, will be present. Wood Lambert, basketball coach at

Purdue university, is scheduled to speak on "Professionalism in summer athletics"; Dr. Fred Merrifield of the University of Chicago, will deliver an address on "Athletics in the Orient"; and Tom Robinson, swimming coach of Northwestern university, will talk on the "relation of swimming to other sports."

Other coaches who will speak are Fielding H. Yost, Michigan; Jack Wiley, Ohio State; Howard H. Jones, Iowa; Dr. W. E. Menowill, Wisconsin; and John J. Griffith, University of Illinois.

## LANSING, MICH., PLAYERS ARE GETTING IN FORM

First Hunter's players were up bright and early Friday and no doubt enjoyed another fine workout in the gym. It is possible that the regulars and Vanigan will stage their first game Sunday. Manager Hunter having not decided definitely on this.

Kenech, an infielder, hailing from Dixon City in the Keystone state, blew in on the chuo chuo last night and was in a uniform today.

Heddy Devous was in spiked shoes yesterday for the first time and began to work into shape before the approaching games of Manager Fred. Manager Hunter has a promising young infielder who was christened Ernest, and he is a brother of pitcher Bert Grimm, one of the Lansing regulars.

Manager Fred likes the boy's style, and he predicts a great future for him; however, the lad is too green for the Michigan League this year and Fred is trying to find a position for him with some other team, probably the Columbus Panhandles.

Another who will probably not make the landing is Bradley, a pleasant, likable chap, who has been working out in the pastures, training after his battles. He, too, according to Manager Hunter, has a bright prospect before him if he sticks to the national pastime, but he is not of Lansing caliber yet. Bradley is married and his wife is in the city with him.

Main, one of last year's regular outfielders, has not appeared on the scene yet and Manager Hunter is becoming worried. The last time he heard from Main, the lad was in Columbus, but where he has been since that last letter is a mystery.

Miller, regular centerfielder, who had a tryout with the Columbus Senators, is at his home in Illinois and will be unable to report until the middle of next week. He is absent because of illness.

Lewis and Shover, the two locals who are endeavoring to gain places in the regular lineup, are making a good impression on Hunter, and they are out there working hard for a berth.

## Defeat Drew All Stars

With total pins counting, the Play House five won a hard-fought match from the Draw All-Stars last night on the Play House alleys, the losers taking two out of three games, but dropping one with a wide enough margin to allow the Play House five to win by a quarter of pins. The winning total was 2650, with Hunk rolling 138 as low man. For the draws, Reider's 125 was low, which shows some good scores were rolled during the evening. The star pin bouncer of the match was Erick of Drows, who made 204 in his first game and finished with a 905 total. He fell down in his second game but came back in the third. The Play House five rolled in championship in the third game with 188 as low score.

## Now Ironton Plans New Boxing Club

IRONTON, April 7.—Preliminary steps have been taken for the formation of an athletic club to promote boxing exhibitions in this city and provide the boxing fans of the tri-state with some lowest-to-go-out-boxing battles at prices that will be within reason.

The young business men who are backing the movement also desire to secure quarters for a gymnasium so that all the young fighters may be given a chance to show their wares in a preliminary engagement before they are shown to the public, in order that dim-flaming bears be eliminated and that there be action covering the entire route.

A boxing jury, under the plans proposed for the formation of the club, will sit at the ringside and if they find a studier in the group, of fighters, they will promptly rule him out of the fight in which he is participating and prevent him from re-appearing until properly reinstated. The chief effort would be extended in showing youngsters and a demand would be made that they extend their best at all times, whether the home be large or small.

## DeMarco To Take Prohibition Count

CHARLESTON, W. VA., April 7.—West Virginia troopers held no fear of boxing champions, Joe DeMarco, who possesses the welterweight title in the Little Mountain state, stands accused of dispensing liquor by the quart when he isn't training for ring battles, which are not very numerous in the state because of the existence of a law banning them.

Lieutenant Mack E. Lilly was assigned to "bring him in."

He located DeMarco on the streets of Charleston and publicly informed him that he was under arrest. DeMarco couldn't see it that way and took to his heels.

"Halt," came the order from the officer.

He did, at the same time breaking a pint of liquor at the foot of Lieutenant Lilly. As a result, he stands a good chance of getting some training in the Kanawha county roads that he hadn't exactly figured on.

## Will Roll Perfect

Tonight at the Washington Hotel, members of the Nationals bowling team in the Masonic League will fittingly celebrate their championship victory over the Spartans. Alvin M. Jordan is a member of the winning team and he is banqueting his teammates.

## Just For The Sport Of It

Donnie Bush has been suspended by Charlie Griffith because his eyes are not in shape to play ball. If that suspension stands, a lot of ball players are in dire danger.

When Charley White meets Donnie Leonard it will be his thirteenth chance at a boxing title. He says he feels he will defeat the light-weight champion. All of which proves White is not superstitious.

Charlie Mack says this will be his last year in the American League. Philadelphia fans are a bit in the having that Connie quit the league in 1914.

Additional games rolled in the Masonic league at the Play House alleys Thursday resulted in two members making much higher averages in three games than they did all season. Chilton and Coe were the members to show better form, while all the others, excepting McCoy, had lower averages. In the doubles events McCoy and Klingman led with 958. The records for Thursday:

The Cincinnati Reds were mauled again Thursday when the Moran tribe was defeated by the Louisville A. A. team, 7 to 0.

The offerings of League, the Little Cuban, were slammed violently by the winners, while the Reds could not hit Nick Chilton, a former major leaguer, with any success. Good thing for the Reds these exhibition games do not figure in the league percentage table.

## Going To Ironton

The deers team of the Eagles expects to go to Ironton on April 18 to put on the work for the Acie of that city and the local members are anticipating a great time on the trip. Members of the local team are requested to meet at the hall Sunday afternoon.

Pitch applications were received at the regular meeting of the local Acie Thursday night.

## FIRST GAME

COLUMBIA, O., April 8.—The Ohio State university basketball team was scheduled to play its first game of the season here this afternoon with Ohio Wesleyan.

## To Stage Alumni

COLUMBIA, O., April 7.—Ohio State University alumni are coming "home" for commencement this year with golf clubs slung over their shoulders. There's a reason. An alumni golf tournament will be held at the State County Club on June 10, during commencement week. Two men teams are now being recruited to represent the alumni associations in various cities.

## Mighty Good Place

To Hold Tournament  
There is some discussion among local ten-pin artists to stage a tri-state bowling tourney in this city with teams from Ironton, Huntington, Ashland and Russell participating. Should such a tournament be decided upon, close to 200 bowlers would come here to take part in the various events for which prizes would be given. It has been estimated that prizes totaling \$800 could be offered without the tournament losing money.

## FATE OF THE ARMENIANS

WHEN Lord Curzon, British foreign secretary, last November publicly condemned the action of France in signing an agreement with the Turkish nationalist government and declared that peace would never be achieved "if one power tries to steal a march on another and concludes arrangements on its own account" the world gained a sudden and surprising insight into the delicacy of the relations between France and Great Britain as a result of the Near Eastern situation. In April, 1920, these governments entered into a secret agreement at San Remo to pool and divide among themselves certain oil resources in the Near East, and it will be recalled that the United States made vigorous protest against what seemed to be a wholesale monopoly which would bar American citizens from their rights to Turkish oil fields acquired before the war. Lord Curzon was perturbed over the later separate agreement between France and the Turkish Nationalists because he feared it would endanger the British oil monopoly in former Turkish territory.

Now comes word of the terms agreed upon by Great Britain and France for the revision of the Treaty of Sevres, which was designed to settle the entire Near Eastern question, but which was opposed by the Turkish rebel, Mustapha Kemal Pasha. It should be understood that the recognized Turkish government, at Constantinople, was supposed to carry out the terms of this treaty. One article of this treaty provided for the freeing of the Greeks in Asia Minor from Turkish rule. It also was designed to safeguard the persecuted Armenians. Since the weakened Constantinople government was not in a position to combat the Turkish rebel and secure the rights prescribed for the Greeks, and the allies stood by, indifferent, it seemed up to the Greek government to defend its people, and so Greece got into this latest war. And now once more the civilized world is saddened by the spectacle of the allies trucking to the Turks. The net result of the new arrangement of boundaries, it is stated, is to extend Turkish territory and to strengthen the Turkish influence in those very quarters where it is apt to prove most harmful. The Mohammedan world once more receives the impression that the allies are afraid of the Turks. The moral effect of the settlement is most unfortunate.

And while the allies are looking keenly after their oil interests and other concessions, what of the Armenians and other oppressed peoples whom the Treaty of Sevres, now radically amended, was planned to protect? If the allies have hitherto shown themselves so indifferent to the fate of these unhappy people, what can be hoped for them under this latest arrangement?

## HARD WORKING CONSULS

A statement given out by the director of the consular service of the state department concerning the scope of consular duties makes plain the need of appointing to these offices only men of business ability and training. The statement also offers a possible explanation for the complaint sometimes made by travelers that they have not received the attention from American consuls to which they thought they were entitled. The consuls, it appears, are hard worked men, who have many other things to attend to besides looking out for the comfort and welfare of travelers.

The consuls' services are constantly being called for by every department of the government. They are deluged with inquiries from American commercial concerns respecting trade conditions in the countries in which they are stationed. The branch of their work has greatly expanded in recent years, as United States manufacturers have turned their attention to foreign markets. During the last fiscal year the consuls sent 95,000 direct answers to questions of American business men and organizations, and in addition submitted 36,367 reports dealing with statistical data of more or less general interest. They are now called upon, also, to exercise supervision over immigration to this country through the passport visa system, and to take such quarantine action as may be regarded as desirable to protect the public health. It is their duty to safeguard the interests of American shipping and American seamen. Frequently they are directed to do work of a political character.

At one time men were appointed to consularships without much regard to their qualifications. But the consul's work was light then. That time has passed. In the present era it is not fitting that any but trained men should be entrusted with these important positions.

It might help to exact a promise to keep out of the misadventure business from alien immigrants.

The man who cannot be interested in a program to make money is probably not long for this world.

There are a lot of guys who dress and act as if they are men, but never see them or hear them talk.

Marriages are reported to be increasing, owing, it is hoped, to the fact that there are many more marriages.

In giving man the power of speech, nature probably intended that he would use some judgment in exercising it.

Emma Goldman's motto is that you can't get back to the United States, not that she can't be able to appreciate it.

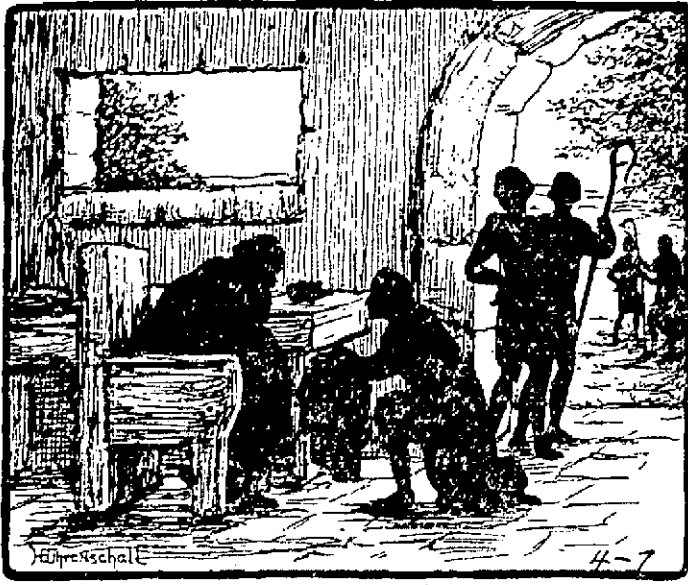

Strange things are happening, but it is not because of time is just near when an airplane driver will be able to beat the chances of a professional sportsman's time.

Times getting better, they say. Well, it is, but it's not for them.

What is the use of the world's most powerful weapon, if there is going to be more of it, and it is not used to do what it seems to be made to do.

## THE BIBLE IN PICTURES AND TEXT

By HELEN E. OHRENSCHALL

JACOB MOURNS

JOSEPH'S brothers took his coat. They killed a kid of the goats and dipped the coat in the blood. And they brought the coat of many colors to their father and said, "This have we found, know now whether it be thy son's coat or no." And he knew it and thought some evil beast had devoured Joseph. Jacob rent his clothes, put on sackcloth and mourned for his son many days.

## New York-Day-By-Day

BY O. O. MCINTYRE

NEW YORK, April 7.—Thoughts of the state's megaphone, for Metropolitan stars, crowds at every quick repair shop window.

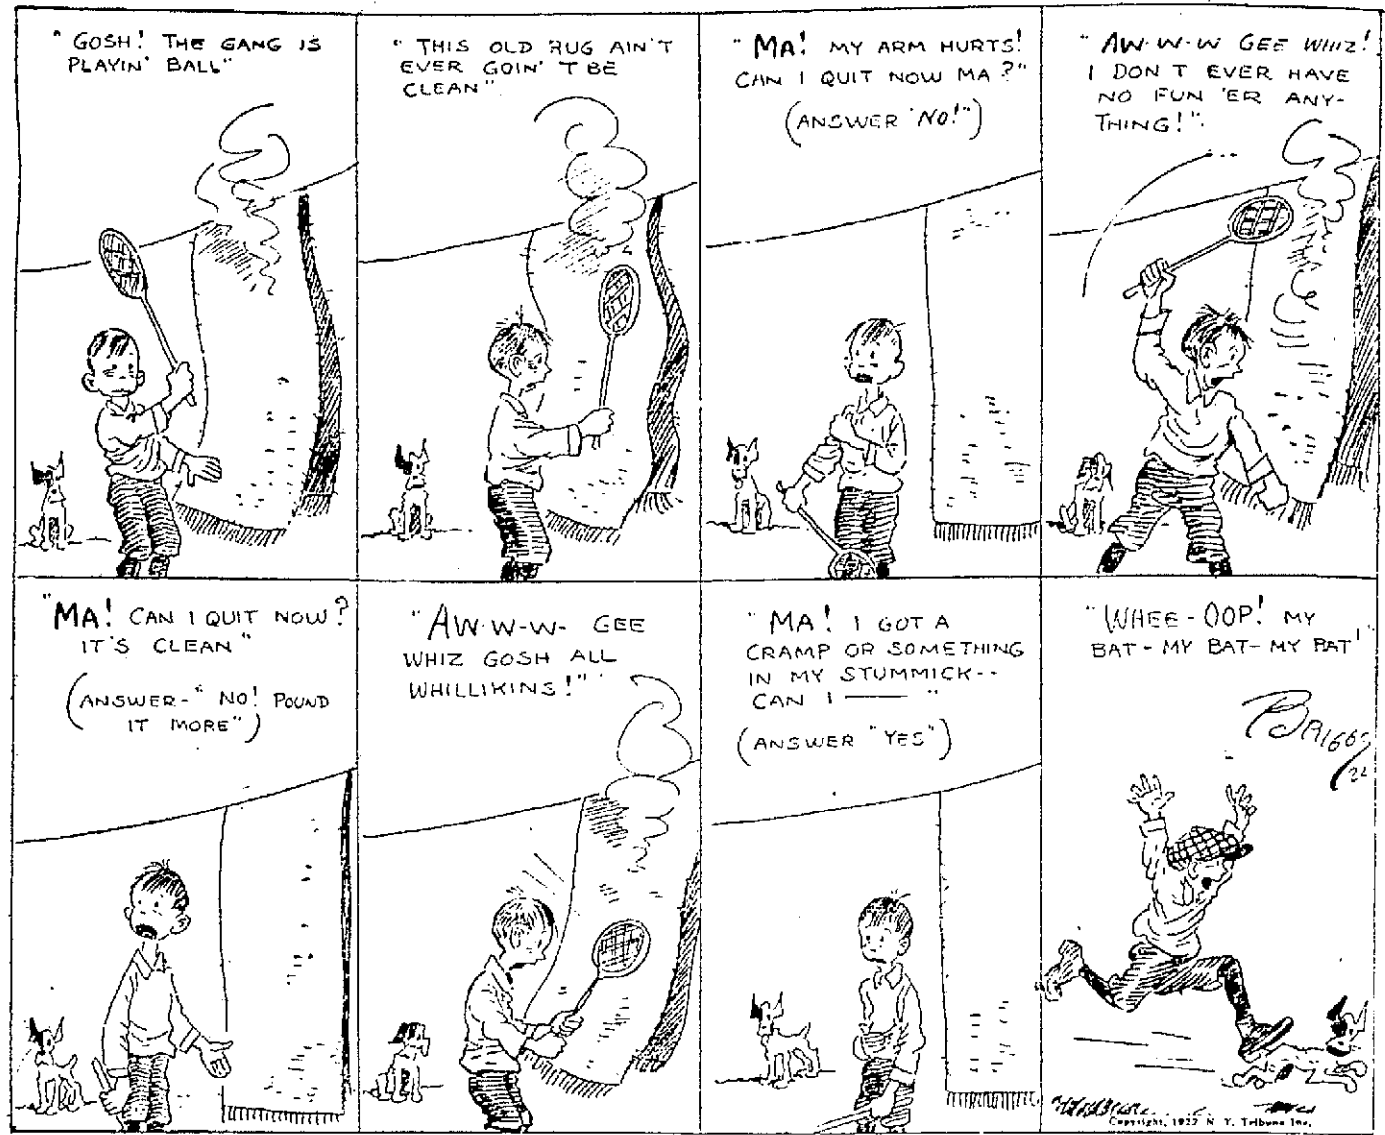

Scotty tweed "saunders." An old bank game that never fails. There's George Lucks, the artist. Pink and lavender. Monstrosities—the gaudy effluence of the monstrosities. Shabby French cafes—red velvet curtains, mirrors framed in bumpy gilt and always a cat, dying off slowly in the daylight. A sigh for the days of Laby's—with Mama and Gaston mixing the double Martini. And the ordinary 20 cents a quart. O well.

It is a despairing cry that Ethel Ferner sends by wireless from mid-ocean to Franklin P. Adams, the columnist. She marries: "Mama has just called the promenade deck the foot porch. What shall I do?"

Twenty-five thousand new plays are offered annually to New York theatrical producers. Most of them are never read. The obscure playwrights for the managers seek the wages of those who have registered life. There is talk now of a clearing house for new plays to be conducted by all the theatrical managers with each contributing to the upkeep and in this way it is hoped that more recognition will be paid to the unknowns.

Old Saying Verified "You nearly ran over those people," said the traffic cop, stopping the motorists. "Sorry, officer! You see I just got this car!" "What's your name?" "Little!" "Ah! a little learning is a dangerous thing," chuckled the cultured cop, and he was so tickled with his joke that he let the transgressor go free.
